Anuj Kumar

Front End Developer

A Graduate Computer Science and Engineering student from UIET, with a robust foundation in Java, SQL, and front-end development. Use technologies like HTML, CSS, and JavaScript, along with frameworks such as React to build interactive and responsive interfaces.

Projects

E-learning Website,

- An **e-learning website** built with HTML and CSS provides a platform for online education
- leveraging responsive design principles

Movie Guide App

- A **movie guide app** built with HTML, CSS, and JavaScript provides movie information, ratings, and recommendations
- The app can pull data from movie databases (like TMDB API)

Netflix Homepage

- A **Netflix homepage** built with HTML and CSS replicates the visual style and layout of Netflix's main page

Education

B.Tech (CSE), U.I.E.T,MDU,ROHTAK

November 2020-July 2024
